Dear Mr. Dennis Zettler:

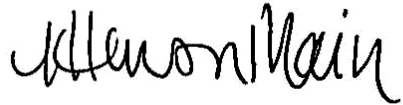

As you may be aware, the Nunavut Impact Review Board (NIRB or Board) is responsible to conduct an annual site visit of Agnico Eagle Mines Ltd.'s (AEM) Meadowbank Gold Mine project north of Baker Lake. We will be in your community September 4, 2014 in transit to the Meadowbank site. While in Baker Lake, the NIRB plans to host community information sessions on September 4, 2014 in order to provide interested residents of Baker Lake with information related to two projects near to the community; AREVA Resources Canada Inc.'s (AREVA) Kiggavik project proposal, and AEM's Meadowbank Gold Mine. This letter is intended to provide details to the Hamlet on the purpose of the community information sessions, invite the Hamlet to attend the events, and provide information on how community members can have their voices heard in the NIRB's various assessment processes.

The community information sessions will be structured as follows:

- Afternoon open house 2-4 p.m. to discuss the NIRB's ongoing monitoring of the Meadowbank Gold Mine
- Evening meeting with presentation starting at 6:30 p.m. to :
  - Provide an update on the NIRB's ongoing Review of the Kiggavik Uranium Mine proposal and next steps; and
  - Explain how members of the public may participate in the next steps of the NIRB's Review.

If you have any questions or require additional information, please contact Heather Rasmussen, Technical Advisor, at [hrasmussen@nirb.ca](mailto:hrasmussen@nirb.ca) or by phone at (867) 983-4606.
