Re: Notice of NIRB Acceptance of the Hamlet of Baker Lake Request for Intervenor Status at the Upcoming Final Hearing for AREVA Resources Canada Inc.'s Kiggavik Uranium Mine Project Proposal

Dear Dennis Zettler:

The Nunavut Impact Review Board (NIRB or Board) has now reviewed the Application Form for Intervenor Status submitted to the Board on December 5, 2014 on behalf of the Hamlet of Baker Lake (the Applicant). On the basis of the completed application form, the Board has determined that the Applicant has met the technical requirements for an intervention as set out in s. 22.2 of the Board's Rules of Procedure¹ and the Notice of Final Hearing for the Kiggavik Uranium Mine project proposal posted on November 12, 2014.

With respect to the Board's substantive review of the Applicant's intervention request, the Board has determined that on the basis of the materials filed to date it appears the Applicant proposes to provide relevant and material information to the Board in the context of the upcoming Final Hearing. Consequently, as set out in s. 22.3(d), the Board, by way of this letter, is providing notice to you and to the parties to this Review that the NIRB accepts the Applicant's request for intervention status.

As indicated in the Notice of Final Hearing, the next step for parties granted intervention status is the filing of final written submissions with the Board on or before **5:00 pm MT on January 16, 2015**. Appendix A provides guidance regarding the format for written submissions to be filed by intervenors in this matter, originally set out in correspondence to the Kiggavik Distribution List dated October 17, 2014. The Board expects that the Applicant's final written submissions will comply with the requirements set out in Appendix A.

¹ NIRB Rules of Procedure (September, 2009), available from the NIRB's online registry from the following link: <http://ftp.nirb.ca/06-RULES>

As indicated previously to the parties, the Final Hearing will be conducted in accordance with the NIRB's Rules of Procedure and in accordance with the Board's Pre-Hearing Conference Decision in this matter. The Final Hearing will be conducted by the NIRB's Chairperson and Board Members, with support from the NIRB staff and legal counsel as required.

Should you have questions regarding the filing of your written submissions or your participation in the Final Hearing for the Kiggavik Uranium Mine project, please contact the NIRB's Director of Technical Services, Amanda Hanson Main at (867) 983-4615 or via email at ahanson@nirb.ca.
