Re: Revised Agenda for the upcoming Final Hearing for the NIRB's Review of AREVA Resources Canada Inc.'s Kiggavik Uranium Mine Project Proposal

Dear Parties,

On February 20, 2015 the Nunavut Impact Review Board (NIRB or Board) distributed the Final Agenda for the upcoming Final Hearing in Baker Lake from March 2 to 14, 2015 for the Board's Review of AREVA Resources Canada Inc.'s (AREVA or the Proponent) Kiggavik Uranium Mine Project Proposal (NIRB File No. 09MN003). Due to inclement weather and resultant travel delays, the NIRB postponed the commencement of the Final Hearing to Tuesday, March 3 at 1:00 pm. A revised agenda for the Final Hearing has been attached to this correspondence for the information of all parties.

Currently, the sessions are expected to start as follows:

- Technical Sessions: March 3-7, 2015
- Community Roundtable Sessions: March 9-14, 2015

When revising the final agenda the Board has endeavoured to provide consideration for the delayed arrival of several parties, as well as the limited availability of several intervenors which are unable to attend the full Final Hearing proceedings. Parties are advised that the NIRB intends to utilize additional evening sessions as may be required to ensure sufficient time to cover all required agenda items.

Should you have any questions or require clarification regarding the next steps in the Board's Review of the proposed Kiggavik Uranium Mine Project, please contact Heather Rasmussen, Technical Advisor, at hrasmussen@nirb.ca.

Sincerely,

Tara Arko
Director, Technical Services
Nunavut Impact Review Board
