Good morning Karyn,

Thank you for your email.

The Nunavut Planning Commission (NPC) has determined that the project location as described in your email below is outside the boundaries of the two approved land use plans currently administered by the NPC.

No further review is required by the NPC at this time.

Please ensure that any change in scope of the proposed project is forwarded to the NPC so as a determination can be made as to whether a conformity determination is required.

Please contact me should you have any questions.

Sincerely,

Christopher Tickner MCIP, RPP
