Good afternoon Robin,

AANDC Water Resources Division reviewed Lupin Mines Inc.'s July 17 letter requesting the Nunavut Water Board to reschedule the Technical Meeting and Pre-Hearing Conference (TM-PHC) to the following week or anytime in September.

AANDC supports the rescheduling of the TM-PHC to allow LMI's senior management to participate to ensure the success of the TM-PHC. However, while we are available the first week of September, we are not available after that until November due to water management meetings and other NWB and NIRB processes in September and October.

Should you have any questions or require additional information, please feel free to contact myself or Murray Ball.

Best regards,

Jean
