Re: Response to Lupin Mine Type A Water Licence Commitments (2AM-LUP1520)

Dear Mr. Dwyer,

Lupin Mines Incorporated (LMI) is pleased to provide the attached responses to Commitments confirmed by the Nunavut Water Board (NWB) on June 18, 2019 in their Pre-Hearing Conference (PHC) Decision Report regarding an application for the amendment and renewal of Type A Water Licence 2AM-LUP1520.

LMI confirms with respect to commitment No. 9 that LMI and Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) are continuing to work cooperatively on a framework for progressive release of security and is forecasting a joint submission on or before November 15, 2019.

I trust the attached information meets the NWB requirements for response to commitments confirmed in the PHC Decision Report. If you have any questions regarding this submission, please call me at (778) 386-7340.

Yours truly,

"Karyn Lewis"

Karyn Lewis
Project Manager, Lupin Mine Incorporated
