Eva,

Please find attached a copy of the lab results for samples from LMI's Sewage Lakes Disposal Facilities at the Lupin Mine. As the samples meet the limits for discharge as set out in paragraph 8 of Part E of our Type A Water Licence, and in accordance with your Direction, we are planning on discharging from the Sewage Lakes either later this week or early next week (as soon as we have confirmed a flight and crew). Once the date is confirmed, we will advise you.

Karyn Lewis
