Dear Mr. Mitchell:

The Nunavut Water Board ("NWB") requests confirmation that a request submitted to the NWB on Feb 28, 2006 to dispose of contaminated soils underground is no longer applicable or has been addressed through the recent public hearing.

Also, as a reminder, a 2008 geotechnical inspection has not been received by the NWB.

Should you have any questions, I am available at 867-360-6338 ext. 30 or by email at dcarr@nunavutwaterboard.org.

Yours truly,
