Dear Phyllis,

After receiving an extension on this review from Dionne, I have reviewed the NWB documents regarding this inspection. I was unable to open some documents, but overall I am satisfied with the reporting. If this SNP data could be collated into an annual SNP report combined with SNP guidelines, the data would be more effectively reviewed at that point in time.

If you have any questions regarding these comments, please feel free to call me.

Sincerely,

**Signed by:**
