06 December 2012

Ms. Phyllis Beaulieu
Manager of Licensing
Nunavut Water Board
P.O. Box 119
Gjoa Haven, NU
X0B 1J0

Dear Ms. Beaulieu

RE: Monthly Report for November 2012
 Lupin Mine, Nunavut, License Number 2AM-LUP0914

Activities on site during the month of November involved site maintenance only. There were 556 person days for the month of November, with up to 25 people on site. Accommodation arrangements remain unchanged from that of October.

Domestic water use for the month was estimated to be 130,130 L (130 m³), drawn from Contwoyto Lake. Approximately 123,623 L (123.6 m³) of sewage was produced and discharged to the upper sewage lake.

Domestic waste generated during the month of November was incinerated on-site each day. There were one mega bag of recyclable beverage containers, one drum of oil rags/ pads, one drum of incinerator ash, three drums scrap steel, one waste battery, and twenty-seven drums of oil contaminated soil fuel that were sent to approved facilities in Yellowknife, NT for disposal.

If you have any questions regarding the above, please do not hesitate to contact me.

Sincerely,
Lupin Mines Incorporated.

Wayne Osborne
Project Manager
