Dear Ms. Beaulieu

RE: Monthly Report for March 2014
Lupin Mine, Nunavut, License Number 2AM-LUP0914

Activities on site during the month of March involved care and maintenance only. There were no people staying on site throughout the month.

There was no domestic water used, no sewage produced, and no domestic waste generated during the month.

There will be approximately 12 persons of Delta Engineering Ltd staying on site in April for about 3 weeks, conducting reclamation work at a nearby weather station.

If you have any questions regarding the above, please do not hesitate to contact me.

Sincerely,
Lupin Mines Incorporated.

George Friesen
Manager of Technical Services
