(a subsidiary of Elgin Mining Inc.)

15 May 2014

Ms. Phyllis Beaulieu
Manager of Licensing
Nunavut Water Board
P.O. Box 119
Gjoa Haven, NU
X0B 1J0

Dear Ms. Beaulieu

RE: Monthly Report for April 2014
Lupin Mine, Nunavut, License Number 2AM-LUP0914

Activities on site during the month of April involved care and maintenance. Delta Engineering and Carter Industries used the camp facilities during the period of April 1st to April 16th, preparing for future reclamation work to be conducted during this summer at a nearby weather station. Foraco Drilling was also on site for a few days, demobilizing their drills from site. There were 144 person days for the month of April, with up to 12 people on site.

Domestic water use for the month was estimated to be 18,000 L (18.0 m³), drawn from Contwoyto Lake. Approximately 15,900 L (15.9 m³) of sewage was produced and discharged to the upper sewage lake.

If you have any questions regarding the above, please do not hesitate to contact me.

Sincerely,
Lupin Mines Incorporated.

George Friesen
Manager of Technical Services

CC: Patrick Downey, CEO of Elgin Mining Inc.
