

# <u>Summary of Agnico Eagle Mines Ltd's "Whale Tail Pit" Project Proposal and revised Water License Applications</u> (2AM MEA-1525 Amendment Application and New license 2AM WTP ---).

As requested during the pre-hearing conference in Baker Lake on May 2<sup>nd</sup>, 2017, please find attached a revised Type A Water License 2AM MEA1525 amendment application and a new Type A Water License application for the proposed Whale Tail Pit Project: 2AM WTP ---.

#### **Proposed Term of Licences**

Agnico Eagle is not seeking to amend the term of the current 2AM-MEA1525 water licence. Agnico Eagle is seeking a term of 2018 to 2025 for the new 2AM WTP----.

### Proposed Water Use Amendments to Type A 2AM-MEA1525

According to Type A Licence 2AM-MEA1525 Agnico Eagle is currently approved to take 9.12 Million cubic metres (m³) as per Part E. Under the current mining and water use scenarios for Whale Tail Pit, at this time Agnico Eagle is not requesting amendments to "Conditions Applying to water use" set out in 2AM MEA-1525 Part E Item 1 to 4 for operations of the Whale Tail Pit.

#### Proposed Water Use for New License Type A 2AM-WTP ----

During construction in 2018 and 2019, we are estimating a total of 174,708 m3/ year; during operation our expected volume of water will be 191,052 m3/year from Nemo Lake. In 2022 and 2023, camp use will continue with water taking from Nemo Lake, concomitantly with water taking from Whale Tail Lake (South Basin) during active closure until 2025.
