Re: Application for a Type 'A' Water Licence

Dear Mr. Connell:

As requested in the Nunavut Water Board (NWB or Board) letter of October 4, 2007, the Board has received submissions from the Government of Nunavut (GN-DoE), Environment Canada (EC), Fisheries and Oceans (DFO) and Indian and Northern Affairs Canada (INAC) on the assessment of completeness and concordance of Agnico-Eagle Mines Limited (AEML) Type "A" Application for the Meadowbank Project. The submissions are available from our ftp site.

Prior to the Board making a final determination of concordance/completeness, the NWB is requesting that AEML provide clarification and confirmation on the ability to respond to the deficiencies identified as provided in the summary tables. If AEML proposes to submit supplemental information in support of their application, AEML should clearly identify to the Board the timelines for submission to the NWB.

If you have any questions or require clarification on the above, please call the undersigned at (867) 360-6338 or email at [dts@nunavutwaterboard.org](mailto:dts@nunavutwaterboard.org).

Sincerely,

David Hohnstein, C.E.T.,  
A/Director Technical Services
