Hi Brian,

From my quick review of information included within the renewal application for Meadowbank Mine the mining in Phaser Lake is not included within the renewal scope. They do not require this with the renewal.

Based on previous discussions with AEM they would include this with an amendment to be submitted after the issuance of renewed licence to avoid having the NIRB additional review and updating the Project Certificate that may affect the timing of renewal. From my understanding that request is separate from the renewal application before the Board that will be distributed soon for parties completeness check.

I hope it helps,
Karen

Good afternoon Sean, forgot to ask you about the above expansion request from AEM, has the proponent submitted a similar request to the NWB to seek approval for above? Should the NPC expect to a comment/review request from the NWB, please confirm, mutna...

Good afternoon NWB,

Should I expect to see an NWB application for the above proposal, submission- AEM?

Subject: Referral to NPC: Meadowbank Mine Vault Pit Expansion into Phaser Lake project

Good afternoon Mr. Aglukark,

Fisheries and Oceans Canada (DFO) recently received the attached "Application form for Paragraph 35(2) (b) Fisheries Act Authorization (Normal Circumstances)" from Agnico Eagle Mines, Ltd., dated July 15, 2014, which refers to their proposed Meadowbank Mine Vault Pit Expansion into Phaser Lake project.

Fisheries and Oceans Canada is referring the attached copy of the application submitted to DFO for the Meadowbank Mine Vault Pit Expansion into Phaser Lake project to the Nunavut Planning Commission (NPC) as per Section 11.5.10 of the Nunavut Land Claims Agreement, to allow the NPC to complete its conformity analysis.

If there are any questions or clarification needed on any of these matters, please feel free to contact me.

Kind regards,

Julie Marentette
