Subject: correction

Hi Karlette,

In Cumberland's February 10, 2006 response to Health Canada's Information Requests, Colette Spagnuolo, Environment Canada should not have been included as a participant in a conference call discussing our approach for the Screening Level Risk Assessment. Ms. Spagnuolo was only briefed by Martin Gebauer on January 18, 2006 regarding the outcome of the meeting not a participant.

Thanks,

Craig
