Dear Ms. Payette:

**Re: Meadowbank All Weather Private Access Road – Revised Transportation
Management Plan in Draft Format**

In your letter of April 9, 2009, NIRB request AEM to submit a revised *Transportation Management Plan: All Weather Private Access Road* to show how the road would be operated by Agnico-Eagle Mines Ltd. (AEM) under the possible compromise solution included in our submission to the NIRB of March 27, 2009. Please find attached a draft update of the *Transportation Management Plan: All Weather Private Access Road* showing this possible arrangement.

The Plan is provided in Draft form for the information of all parties to this requested amendment that is currently before NIRB. It obviously cannot be implemented until NIRB makes a decision on the requested amendments of Condition 32 of the Meadowbank Project Certificate that are currently before the Board.

Should you have any questions on our submission please feel free to contact the undersigned at stephane.robert@agnico-eagle.com.
