Subject: RE: Meadowbank Annual Report

Hi Anne –

As per your request below, the NIRB will accept a late comment submission from Environment Canada, as we greatly value the input that EC provides with respect to the many projects assessed by the NIRB. For future however, we would prefer that requests such as this be given with as much advance notice as possible. I'm sure you can appreciate that the timeliness of such requests is important in giving fair notice of extensions to all commenting parties.

If you have any questions or concerns on this or any other matter pertaining to the Meadowbank project, please give me a call.

Best,

Amanda Hanson

Subject: Meadowbank Annual Report

Hi Richard and Amanda,

Unfortunately EC has not been able to complete the review of the Meadowbank 2009 Annual Report, and as a number of reviewers are out in the field/away for much of July it will not be feasible to submit comments by the July 14th date. Is it worthwhile to compile comments for a later submission date?
