Re: Comment Request Regarding Agnico Eagle Mines Limited's Proposed Additional Meadowbank Mine Site Fuel Tank

On June 22, 2022, the Nunavut Impact Review Board (NIRB or Board) received notice from the Nunavut Planning Commission (Commission) that the project proposal received from Agnico Eagle Mines Limited (Agnico Eagle) for an additional 3.3 million litre (ML) fuel storage tank and associated secondary containment at the Meadowbank site was exempt from screening by the NIRB as it does not change the general scope of the original or previously amended project activities.

On June 28, 2022, Agnico Eagle submitted the Commission's letter to the NIRB as an operational update and associated updated monitoring plans regarding the proposed new fuel tank. On July 5, 2022, the NIRB requested further information regarding the proposed new fuel tank in order to determine how it may affect the project certificate and monitoring. On July 8, 2022, Agnico Eagle responded to the NIRB's request for further information.

The NIRB requests that interested parties review the Agnico Eagle submission regarding the Additional Meadowbank Mine Site Fuel Tank and provide comments with respect to their jurisdiction and/or area of expertise by **July 22, 2022** and indicate any **significant** concerns regarding the construction and operation of the proposed 3.3 ML fuel storage tank.

Please send any forthcoming submissions directly to the NIRB at info@nirb.ca, or through the online public registry at www.nirb.ca.

Should you have any questions or require clarification on this matter related to the NIRB's consideration of the proposed Additional Meadowbank Mine Site Fuel Tank, please contact the undersigned at (867) 983-4617 or kmorrison@nirb.ca. If you have any questions or require clarification on this matter related to the NIRB's monitoring of the Meadowbank Project, please contact Kelli Gillard, Manager Project Monitoring at (867) 983-4619 or kgillard@nirb.ca.

Sincerely,

Keith Morrison
Manager, Impact Assessment
Nunavut Impact Review Board
