Stephanie Autut Executive Director Nunavut Water Board Box 119 Gjoa Haven, NU X0B 1J0

Dear Stephanie Autut:

Re: Meadowbank Water Compensation Matters

Agnico and KIA continue their negotiation of water compensation for the inpit disposal modification/amendment. Both parties are proceeding in good faith to resolve this matter and hope to be in a position, in the near future to provide you with confirmation that water compensation has been resolved. However, at this time, KIA wishes to indicate its support for the issuance of an updated water license for the in-pit disposal at the Meadowbank Project.

Sincerely,

Kivalliq Inuit Association

Per:

Gabriel Karlik

Executive Director
