

1. Overview of AANDC Position

Agnico Eagle Mines Ltd (AEM) have adequately addressed Aboriginal Affairs and Northern Development Canada's (AANDC) recommendations through clarifications and commitments. The renewal application should be accepted.

Reclamation cost estimate should be revised to \$86,519,614.

Without evidence on private security, the entire reclamation cost estimate should be secured by AANDC under the water licence.

4. Baseline and Cumulative Effects Monitoring

The AANDC & Kivalliq Inuit Association baseline monitoring program was established in 2004.

Water quality samples are collected from 17 monitoring stations twice a year in early and late summer (July and early September).

There are three monitoring locations for the Meadowbank area.

Also ties into the Baker Lake Aquatic Cumulative Effects Monitoring Program
