Hi Luis,

It is my understanding that the Kivalliq Inuit Association will provide a technical memorandum on the allocation of reclamation security to the land lease and water licence as evidence for parties to comment on when making submissions to the water board by May 22, 2015.

This would be in addition to copies of the land lease and letter of credit that have been provided to Ken Landa for Aboriginal Affairs and Northern Development Canada.

Can you let me know if this is your understanding as well? If so, when will this memo be provided? * If possible, I would appreciate having it by May 12, 2015. *

More specifically, details on the allocation of security as referenced in slides 22 and 23 of the community presentation as well as slides 30 and 31 of the main presentation (attached) would be helpful.

Best regards,
David
