Dear Karen Kharatyan:

Re: Meadowbank Water Compensation

Thank you for your message of today's date inquiring if the Meadowbank water user compensation in place is currently sufficient for the NWB to proceed with Agnico Eagle's request associated with the In-pit Disposal of Tailings.

KivIA is negotiating the water compensation agreement with AEM and will advise the Water Board as soon as we have reached agreement.

Sincerely,

KIVALLIQ INUIT ASSOCIATION
