Dear Stephanie Autit:

Re: Meadowbank Water Compensation

The Kivalliq Inuit Association has received Agnico-Eagle Mines' letter dated February 22nd suggesting that the NWB should determine compensation under Section 20.3.2 of the Nunavut Agreement. KIA is in the process of considering its response to AEM's letter and we expect to respond by the close of business on March 4th.

Sincerely,

KIVALLIQ INUIT ASSOCIATION
