Dear Mr. Dwyer,

Re: Water License 2AM-MEA0815 Part B, Item 5: 2009 Annual Report Extension Request

On February 1, 2010 Agnico-Eagle Mines Limited - Meadowbank Division (AEM) received correspondence from the Nunavut Water Board that provided feedback on the 2008 Annual Report. In order to address these comments and the additional information required in the 2009 Annual Report, AEM requests a 30 day extension to the submission date under 2AM-MEA0815 Part B, Item 5 until April 30, 2010.

Please contact me directly at 819-763-0229 or via email at stephane.robert@agnico-eagle.com if you have any questions about this request.

Regards,

Stéphane Robert
Environment Superintendent
