Water Quality Monitoring and Management Plan for Dike Construction
And Dewatering***

The Kivalliq Inuit Association (KIA) reviewed the above reference document and is pleased with the information provided.

We found the proposed monitoring and management plan to be well written and comprehensive for the purposes of dike construction and dewatering. We are glad lessons learned over the previous year have been incorporated into this document and we look forward to a successful construction season.

KIA wishes to thank the Nunavut Water Board including us in the review process. If you have any further questions or concerns please contact the undersigned at your earliest convenience.

Yours truly,

Luis Manzo
Director of Lands
