Hi Elizabeth,

As per our response to DFO on July 15, Agnico Eagle's responses to DFO 2015 Annual Report comments will be submitted along with the other comments (KIA, GN, INAC, NIRB, ECCC) that will be transmitted by the NIRB. We received on November 4 the NIRB notification for Agnico to provide response to Boards and other regulators comments by December 2. Agnico Eagle have requested a delay so DFO will received our response no later than December 9 .

Agnico Eagle would like to clarify that the submission on September 13, 2016 to the NWB was for the INAC and ECCC 2015 Annual Report comments that were sent and addressed directly to NWB.

For the Agnico Eagle response to DFO comments on the "Management Plan submission prior to new construction", Agnico Eagle have submitted his response on July 15, 2016 – please see the attached document.

I hope this helps. Should you have any questions please do not hesitate to contact me.

Best Regards,

Hi Elizabeth,

It seems there could be a confusion as AEM provided responses to DFO comments on July 15, 2016 that were distributed by NWB to interveners the same day. See the link below please:

[ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-MEA1525%20Agnico/3%20TECH/5%20CONSTRUCTION%20\(D\)/D5%20Management%20Plan%20Submission%20Prior%20to%20New%20Construction/](ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-MEA1525%20Agnico/3%20TECH/5%20CONSTRUCTION%20(D)/D5%20Management%20Plan%20Submission%20Prior%20to%20New%20Construction/)

When I agree that that there was an oversight from NWB part of not stating about DFO comments in the letter and I apologize for this, however the NWB did review the comments and AEM responses. And the oversight happened maybe because similar comments were raised by INAC and clarifications were provided.

It should also be noted that NWB always encourage parties and Licensee to work together to resolve the issues, and ensures parties that further opportunities could be provided for review in the future, if DFO's concerns were not adequately addressed by AEM responses provided on July 15th, 2016.

Hello,

I'm following up on the Annual Report. Further to AEM's responses to INAC and ECCC, there was no response to DFO's comments. DFO reminded AEM and the NWB in July that DFO did provide comment, and was acknowledged and agreed that response would be provided by July 21, 2016. DFO has not yet received any response to DFO's comments.

Please advise.
