Further to this matter and further to the NWB's communication on November 3, 2023, this correspondence is to confirm that the Commitment List submitted to the NWB by Agnico Eagle on November 1, 2023 is accurate as it relates to the commitments addressed to the Kivallig Inuit Association.

Coral Harbour The Kivalliq Inuit Association also confirms that they have no comments or additions to provide to the draft list of discussion topics for a pre-hearing conference. The only suggestion that might be offered is that there should be room to include discussions arising out of any issues that result from the NIRB recommendations.
