Good morning,

On November 1, 2023, as per the Technical Meeting held on October 12-13, Agnico Eagle Mines Limited (Agnico Eagle) submitted to the NWB its List of Commitments that is attached to this email.

The Board is asking Parties to confirm by November 8, 2023, whether they agree with the wording of each item associated with their respective comments/recommendations. If Parties do not agree with any items or wording, the Board would like to get their own suggested wordings. It is noted that for some items follow-ups will be required from Parties by November 17, 2023. The Board's expectation is that based on Parties review of additional information and feedback this List may be updated by Agnico Eagle by November 21, 2023.

Also, attached is the List of Issues for discussion in the potential Public Hearing that was drafted during the Technical Meeting. Parties are asked to confirm by November 8, 2023, whether they agree with these topics for PH discussion or there may be additional topics that were not included within this draft List of Issues.

Regards,

Ali
