Good afternoon,

The Nunavut Water Board (NWB) notes that on November 17, 2023, the Nunavut Impact Review Board (NIRB) issued its Reconsideration Report and Recommendations for the Meliadine Extension Proposal to the Responsible Minister(s), recommending that the Extension Proposal, as currently proposed, should not be allowed to proceed to the regulatory phase.

As the application for amendment to Licence 2AM-MEL1631 relates to the scope of the Meliadine Extension Proposal, the NWB is suspending at this time the processing of amendment application, pending the decision of the Minister.

Regards,

## Richard
