Re: Technical Meeting/Pre-Hearing Conference for 2AM-MEL1631 Water License Amendment Application

Dear Ms. Autut,

Nunavut Tunngavik Incorporated (NTI) requests that the Nunavut Water Board provide an option for remote participation at the upcoming Technical Meeting/Pre-Hearing Conference for Agnico Eagle Mines' application to amend its water license for the Meliadine Gold Mine project. Although one or two NTI representatives based in Rankin Inlet will be able to attend in person, others cannot do so, including our legal counsel whose advice NTI may require should any procedural questions arise. For this reason, we ask for a flexible approach to participation at the Technical Meeting/Pre-Hearing Conference. NTI looks forward to your response to our request.

Sincerely,

Dustin Fredlund
