Good morning

We would like to follow-up on our response to the additional questions from CIRNAC on the water modelling forecast

- On December 4, CIRNAC provided additional questions
- On December 11, Agnico Eagle provided responses to the additional questions

Can CIRNAC please confirm if they have reviewed the additional information and now consider their technical comment resolved?

Regards, Colleen

Subject: Water Licence 2AM-MEL1631 Amendment, Commitment 13

Hello Sergey and Richard

Please find attached a memorandum to address technical meeting commitment 13 from the Meliadine Water Licence amendment technical meeting held on 30 November 2020

This memorandum provides a response to the post-technical meeting questions raised by CIRNAC (commitment 12)

Please let us know if you have any questions

Regards, Colleen
