Meliadine gold project 2019 Annual Report	When referencing the tables in the text of the document the in-text reference is off by one table greater than the table that should be referenced from Table 2 to Table 25	References were adjusted; revised annual report document attached.
	In text references to Figures 7.2 and 7.3 should be for Figures 5 and 6	References were adjusted; revised annual report document attached.
	In Section 12.2.2 "...the table provides the reasons given for voluntary terminations" should be referencing "the figure"	References was adjusted; revised annual report document attached.
	Section 3.1.1 Daily freshwater consumption details are found in Appendix A-2 (not A-1)	References was adjusted; revised annual report document attached.
	Section 7.3.3 – Calibration data for instrumentation is found in Appendix H-2 (not H-3)	References was adjusted; revised annual report document attached.
Appendix I-1 Water Management Plan	Table 12 is not included in the list of tables therefore Table 13 to Table 17 should be referring to one previous table	Table 12 was included in the list of tables; revised document (without appendices due to size of document) is attached.
Appendix I-3 Mine Waste management Plan	Table 3.1 and 8.2 are missing from the list of tables	Tables 3.1 and 8.2 have been added to the list of tables; revised document is attached.
Appendix I-4 Ore Storage Management Plan	Figure 4.2 and Figure 4.3 are mislabeled in the list of tables	Labels for Figures 4.2 and 4.3 have been corrected; revised document is attached.
Appendix I-6 Blast Monitoring Plan	In-text referencing of tables is a different numbering system than the tables that are referenced	Page 11 in-text referencing to table 2.1 has been corrected; revised document is attached.
Appendix I-10 Oil Pollution Emergency Plan	Section 4: document page numbers do not align with Table of Contents, however the document links link to the right page	Pages numbering was adjusted; revised document is attached.
Appendix I-11 Mine Plan	Table 4.3, Table 6.1 and Figure 1 are located on the previous page of that which they are listed in the List of Tables and List of Figure	Table 4.3 reference pages changed to 5, Table 6.1 reference page changed to 6 and Figure 1 reference page changed to 7. Revised document is attached.

- Provide an Inuktitut summary of Monitoring Results;
 - Inuktitut summaries of Monitoring Results have been submitted as Appendix M-2 Inuktitut Summaries of Monitoring Results

- Appendix D1 - Hazardous Waste Documentation: Appendix A Photographic Report is not included;
 - Appendix A Photographic Report was added to Appendix D1- Hazardous Waste Documentation.
- Appendix I1: Both the Water Management Plan and Management Plan Updates are listed under Appendix I1. In the Appendices this is the start of the Water Management Plan. Submit any information not included that should be under “Management Plan Updates”;
 - “I-1 Management Plan Updates” is a relic from the 2018 Report and should be disregarded; all updated management plans are now individually listed in the table of content as requested in the 2018 annual report comments; list of contents has been revised in attached annual report document.
- Appendix I4 - Ore Storage Management Plan: Inuktitut translation required to be in syllabics;
 - Inuktitut translation font has been corrected and revised document is attached.
- Appendix I-9 - Air Quality Monitoring Plan: Provide Figure 2.1 as image did not properly load onto the PDF;
 - Figure 2.1 was corrected, and revised document is attached.
- Appendix J-1 – AWAR Usage: Data provided exterior to the August through November tables requires labelling if included in analysis;
 - Data provide exterior to the August through November tables was removed; revised document is attached.
- Submit Ocean Discharge Monitoring Plan: referenced as Appendix I-3 withing Appendix M1 as well as referenced within the Water Quality and Flow Monitoring Plan and Groundwater Management Plan but not provided within the Annual Report; and
 - Reference to the Ocean Discharge Monitoring Plan was corrected and revised Appendix M-1 is attached
 - Latest approved Ocean Discharge Monitoring Plan is attached and as appendix I-12
