Hi Richard,

Thanks for the opportunity for Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) to review the 2AM-MEL1631 Design Report for Culvert 6 & 21 submitted by Agnico Eagle Mines. CIRNAC conducted the review pursuant to its mandated responsibilities under the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* and the *Department of Crown Indigenous Relations and Northern Affairs Act*, and other associated legislation and policies. Please find below CIRNAC comments;

- 1. CIRNAC has no comments on the design report with respect to design criteria.
- 2. The attached culvert typical sections are dated 2017. CIRNAC recommends that the Licensee update the culvert details to be reflective of the anticipated works for 2020.

If you have any questions, please do not hesitate to communicate them with me.

Thanks and best regards,

Godwin Okonkwo (M.Sc., P.Bio)
