Hello Jade,

The PUMP02 portal and its associated activities are currently not authorized under the Water Licence. The NWB is reviewing them as part of the 2025 Modification request that Agnico Eagle submitted on June 27, 2025. Since this Design Report for a Fuel Farm at PUMP Underground Portal is related to the 2025 Modification request, the NWB will continue reviewing the Design Report once the 2025 Modification is formally authorized.

Regards,

Ali
