Hi all, (FYI)

KHTO has received this email with information.

KHTO is highly concerned of the numerous spills taking place at the Meliadine Gold Mine and surrounding areas.

There have been 40 spills in 8 months, from November 3, 2021 to June 13, 2022.

KHTO is compiling all spills up to date.

We are aware of the process with reporting to GN and NWB and the Fisheries Act.

KHTO
