The initial email stated "A pump failed leading to the release of 200L of treated water on the industrial pad." But should have read "A pump shack fire lead to the release of potentially contaminated fire suppression water."

Sorry,

Brett

Subject: Meliadine - Reportable Spill - 2021-12-07 - Pump Shack Fire Report

Good afternoon,

The attached spill report refers to an incident that occurred at Meliadine Mine on December 7, 2021.

A pump failed leading to the release of 200L of treated water on the industrial pad.

This spill is being reported as required by:

- the Nunavut Water Board 2AM-MEL1631 Water License, Part H
- the Government of Nunavut's, Environmental Protection Act subsection 5.1(a)

A follow up report will be submitted as required by:

- the Nunavut Water Board 2AM-MEL1631 Water License, part H, item 8c.

No water bodies were impacted by this spill.

If you have any questions, please do not hesitate to contact meli.environment.supervisors@agnicoeagle.com.

Kind regards,

Brett Fairbairn | Environment Coordinator
