Dear Honourable Minister Vandal,

Due to a misunderstanding between the Board and Licensee a few unnecessary amendments to references were included within the Amended Licence sent to your office on May 13, 2021. The Board respectfully requests to consider these versions of Amended Licence 2AM-MEL1631 and Reasons for Decision.

For clarity the following changes were made within the documents compared to the original versions:

In the Licence, the 'Maximum Authorized Monthly Mean Concentration' was changed back to the 'Maximum Average Concentration' in Part D, Item 12 (p. 10), Part D, Item 18 (p. 11), Part F, Item 3 (p. 15), and Part F, Item 5 (p. 16), and the definition of the 'Maximum Average Concentration' was added back to the list of definitions on p. 31.

In the Reasons for Decision, similar changes were made to include the 'Maximum Average Concentration' and remove the 'Maximum Authorized Monthly Mean Concentration' on pages 12, 50, 59, 60, and 70.

Regards,

Richard
