Dear Ms. Beaulieu / Mr. Dwyer:

**Re: Mary River Project
Application for Type A Water License**

Baffinland Iron Mines Inc.'s submitted its Final Environmental Impact Statement (FEIS) on February 15, 2012. As part of the coordinated review process for the Mary River project, the FEIS includes the Type A Water License application package. Baffinland recognizes that many aspects and activities of the Mary River Project are not regulated under the authority of the NWB.

As requested by the NIRB and the NWB, to the extent possible, Baffinland has regrouped all information relevant to the Type A Water License Application into a single appendix of the FEIS (Volume 3, Appendix 3B). However, the environmental and social effects assessment of the Mary River Project is presented in Volume 4 through 9 of the FEIS.

Enclosed is Appendix 3B of the FEIS which contains:

1. Executive Summary (English and Inuktitut) for the Type A Water License Application
2. The application form,
3. The processing fee, and,
4. All supporting technical information required for processing the application.

Please do not hesitate to contact the undersigned at (416) 996-5523 or by e-mail at erik.madsen@baffinland.com should you require additional information or clarification regarding our application and related submissions.

Yours sincerely,

Baffinland Iron Mines Corporation
Erik Madsen
Vice-President Sustainable Development, Health, Safety & Environment
