Table of Contents

Abbreviations.....	iv
1. Introduction	1
1.1 Purpose.....	1
1.2 Regulatory Requirements	1
1.3 Baffinland's Commitments	2
1.4 Update of This Management Plan	4
1.5 Relationship to Other Documents & Management Plans	4
2. Targeted Vecs.....	5
3. Mitigation Measures.....	5
3.1 Nature of the Waste Rock and Geochemical Testing.....	5
3.1.1 Regional Geology.....	5
3.1.2 Deposit Geology	6
3.1.3 Summary of Geochemical Sampling and Test Work	7
3.2 Planned Additional Waste Characterisation Work	9
3.3 Construction of the Waste Rock Stockpile	11
3.3.1 Deposition Strategy	11
3.3.2 Guidelines Used to Develop the Waste Rock Stockpile	11
3.4 Quantities of Waste Rock Generated Over Mine Life	14
3.5 Evolution of Waste Rock Storage Area over Time	14
3.6 Ore Storage.....	16
3.7 Runoff Management and Monitoring.....	16
3.7.1 Waste Rock Stockpile Area.....	16
3.7.2 Ore Stockpiles.....	17
3.7.3 Mining area run-off.....	18
3.7.4 Run-off Water Quality	18
3.7.5 Runoff Water Treatment Alternatives	19
4. Closure.....	25
4.1 Climate Change considerations	25
5. Roles and Responsibilities	25
6. Performance Indicators and Thresholds.....	26
7. Monitoring and Reporting Requirements	27
7.1 Effluent Quality Monitoring.....	27
7.1.1 Acute Toxicity Testing	27
7.1.2 Water Quality Monitoring	27
7.1.3 Ground Temperature Monitoring.....	28
7.1.4 QA/QC.....	28
7.2 Data Management.....	28

7.3	Reporting.....	29
8.	Adaptive Strategies.....	29
9.	References.....	30
Annex 1	Stormwater Management and Drainage System Design	31
Annex 2	Development of Permafrost in Waste Rock Dumps – Preliminary Geotechnical Evaluation	32
Annex 3	Waste Rock Geological and Geochemical Characterization Program	33
Annex 4	Interim Waste Rock Stockpile Seepage Quality Model Report	34
Annex 5	Interim Open Pit Water Quality Model Technical Memorandum	35

List of Tables

Table 3-1	- Preliminary Schedule of Waste Rock Production.....	14
Table 5-1	- Roles and Responsibilities.....	25
Table 6-1	- Discharge Performance Indicators.....	26

List of Figures

Figure 1-1	- Baffinland Sustainable Development Policy	2
Figure 3-1	- Placement of Waste Rock	13
Figure 3-2	- Evolution of the Waste Rock Dump over the Life of Mine	15
Figure 3-3	- Water Management Structures for the Waste Rock Storage Area	17
Figure 3-4	- Lime Treatment System	21

Abbreviations

Abbreviation	Meaning
ABA	Acid-Base Accounting
AEEMP	Aquatic Environmental Effects Monitoring Program
Baffinland	Baffinland Iron Mines Corporation
Ca-NP/AP	Carbonate Neutralization Potential
EHS	Environmental, Health, and Safety
EIS	Environmental Impact Statement
INAC	Indian and Northern Affairs Canada
MMER	Metal Mining Effluent Regulations
NPR	Neutralization Potential Ratio
OB	Overburden Cores
PAG	Potentially Acid-Generating
psammite	Psammitic Gneiss
ROM	Run-of-Mine
SFE	Short-Term Metal Leaching Tests
SWM	Surface Water Management
TGD	Technical Guidance Document
the Project	Mary River Project
TSS	Total Suspended Solids
VEC	Valued Ecosystem Component
