Good morning Megan,

Thank you for your email.

The Nunavut Planning Commission (NPC) has reviewed the Nunavut Water Board's attached amendment application, file # 2AM MRY1325 submitted by the Baffinland Iron Mines Corporation and has determined that the NPC has no comments to provide to the NWB Technical review process. I am also informing you that the NPC issued a positive determination to the proposed amendment on May 16, 2014, therefore a NPC conformity determination against the North Baffin Regional Land Use Plan is not required.

I have attached the terms agreed to as part of the applicable conformity determination which must form part of any authorisation or permit issued for this project proposal.

Please ensure that any change in the scope of the project is forwarded to our office for further review.

I have copied Nunavut Impact Review Board with this email for their information.

Please contact me should you have any questions.

Sincerely,

Brian Aglukark, NPC
