Re: Notice of Community Information Session in Pond Inlet Regarding NIRB's Update on the "Mary River Iron Mine" Project (NIRB File No. 08MN053), June 2, 2015

Dear Mr. Collin Saunders:

As part of its monitoring function required by the Nunavut Land Claims Agreement, the Nunavut Impact Review Board (NIRB or Board) is responsible to conduct an annual site visit of Baffinland Iron Mine Corporation's "Mary River Iron Mine" project located southwest of Pond Inlet. In transit to the Mary River site, NIRB staff will be in Pond Inlet on June 2, 2015 and are planning to host a public community information session to provide residents with updated information about the ongoing monitoring of the Mary River Project. This letter is intended to provide details to the Hamlet on the purpose of the community information session and invite the Hamlet to attend the event.

The evening sessions will be structured as follows:

- Doors open at 8:00 p.m.
- NIRB staff presentation to inform community members about the Board's monitoring function, provide an update on the monitoring of the Mary River Project, and explain how members of the public may participate in the NIRB's Monitoring process.
- Open question period community members discuss comments or questions about the project with NIRB staff.

If you have any questions or require additional information, please contact Solomon Amuno, Technical Advisor, at <a href="mailto:samuno@nirb.ca">samuno@nirb.ca</a> or by phone at (867) 983-4603.

Sincerely,

Tara Arko

Director, Technical Services Nunavut Impact Review Board
