Subject: NIRB 08MN053: Acknowledgement of Baffinland Iron Mines Corporation's Request to Reconsider the Terms and Conditions of the Mary River Project Certificate [No. 005]

Dear Erik Madsen:

Please see the attached correspondence from the Nunavut Impact Review Board (NIRB or Board) regarding a request submitted by Baffinland Iron Mines Corporation (Baffinland) to amend the Mary River Project Certificate No. 005 (NIRB File No. 08MN053) in consideration of the "Phase 2 Development" project proposal.

The NIRB is inviting parties with jurisdiction and members of the public to provide comments to the Board with respect to Baffinland's request, in particular on the following points:

- Whether the proposed changes, as presented in the request, meet the requirement for reconsideration as set out in the NLCA, Section 12.8.2 (a), (b), or (c), and if so, which provisions of the NLCA trigger the reconsideration;
- Whether, at this point the parties have identified any specific terms and conditions within the existing Project Certificate that would need to be reconsidered or amended to reflect the Phase 2 Development Project Proposal;
- Whether a reconsideration of the existing Project Certificate terms and conditions is likely to arouse significant public concern, and if so, a description of the basis for the concern;
- Whether parties have comments or concerns regarding the potential content and/or format of any update or addendum to the existing Final Environmental Impact Statement required to support the reconsideration of existing Project Certificate; and
- Any matter of importance to the Party related to the request to reconsider the terms and conditions of the existing Project Certificate by the NIRB.

The NIRB requests that interested parties submit comments directly to the NIRB via email to info@nirb.ca or via fax to (867) 983-2594 on or before **August 5, 2015**.

Should you have any questions or require further clarification, please contact Tara Arko, Director of Technical Services at (867) 983-4611 or via email at tarko@nirb.ca.
