Re: Submission Notification - Addendum to the Final Environmental Impact Statement, Mary River Project Phase 2 Proposal

Baffinland is pleased to provide this notification that the Addendum to the Final Environmental Impact Statement, Mary River Project Phase 2 Proposal has been uploaded to the Public Registry as of August 15, 2018. This electronic filing will be supplemented with 5 USB keys and one printed version, which will be couriered to your offices in the coming week. The document is organized as a Main Document with supporting appendices, and 27 Technical Supporting Documents (please see attached document map).

As referenced in the letter dated July 18, 2018 to you, this application includes the information necessary to support the amendment of Water License 2AM-MRY1325. Consistent with s. 13.5.2. of the Nunavut Agreement, s. 37(1) of the Nunavut Waters and Nunavut Surface Rights Tribunal Act, and s. 193 of the Nunavut Planning and Project Assessment Act, Baffinland is requesting that the NIRB and NWB coordinate their review processes.

We trust that the documentation as provided meets with your requirements to initiate the concordance review. I am available to discuss this filing at any time.

Sincerely,

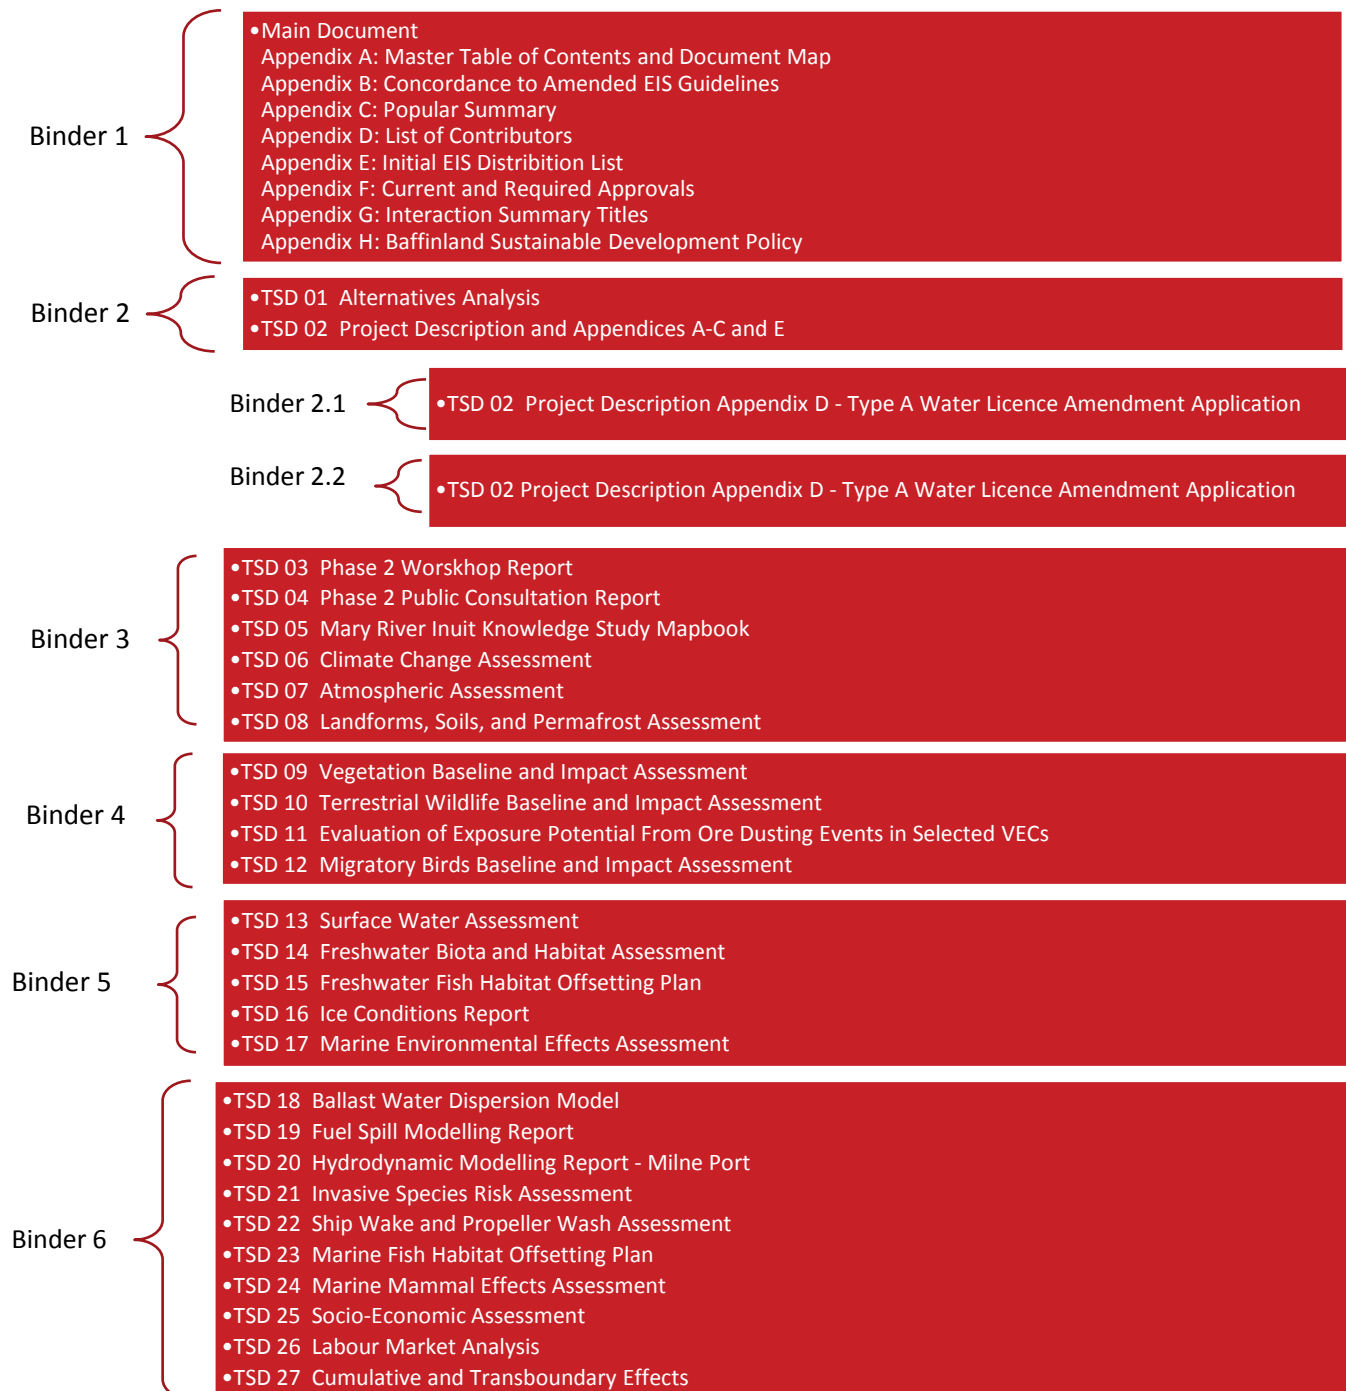

A handwritten signature in black ink that reads "Megan Lord-Hoyle".

Director, Sustainable Development
