Hello Karén.

The Department Fisheries and Oceans understand that the submission of Information Requests (IRs) regarding the assessment of the Baffinland Mary River Phase 2 Development Proposal and Water Licence Application are due no later than 17:00, Friday November 23rd.

Unfortunately, we are experiencing a number of constraints at the moment, and will need to provide one submission to both the NWB and NIRB. We have clarified that one submission is not an issue with NIRB staff.

We appreciate that NWB will not focus on IRs related to marine concerns. However, given our current constraints and given the coordinated nature of the process, we trust one submission will not be an issue.

We will provide a cover letter with an explanation, along with the submission to both Boards by end of workday Friday.

If you require any clarification, please feel free to call.

Thank you all for your understanding.

Cheers

Boyan Tracz
