Subject: Funding Application Deadline, January 11th

Hello Tara,

As discussed by phone, given the holiday season QIA feels it would be beneficial to applicants if the deadline for applications for intervener funding could be extended by one week until January 18th. QIA has assigned a staff member to assist in this work. This staff member will continue with outreach and responses to Hamlets and HTOs once our office re-opens in January.

Thanks. Stephen.
