Nunavut Impact Review Board

Re: Timing of Submission of Draft Recommendations for Revisions to Project Certificate 005 to Accommodate the Phase 2 Proposal

Dear Solomon,

Baffinland is writing to notify the NIRB and Interveners that Baffinland's Draft Recommendations for Revisions to Project Certificate 005 (originally planned for June 10, 2019) is now planned for submission to NIRB on or before July 10, 2019. This timing will give Baffinland the opportunity to incorporate any relevant outcomes from meetings between Baffinland and Interveners as well as the Second Technical Meeting discussions.

During the final written submission period, Interveners will be asked by NIRB to provide their own recommendations to modify or add terms and conditions to Project Certificate 005 to account for the Phase 2 Proposal. The submission of Baffinland's recommendations on or before July 10 will provide ample opportunity for Interveners to consider Baffinland's recommended changes before final written submissions to NIRB are due on August 8, 2019.

Baffinland is committed to an iterative and collaborative process for the development of recommended terms and conditions to Project Certificate 005, and looks forward to working with Interveners with the goal of developing joint submissions for the NIRB's consideration during the Public Hearings in September 2019.

For any questions or clarifications please do not hesitate to contact the undersigned for further information.

Best Regards,
