Re: Baffinland Status Update on the Commitment List from the Second Technical Meetings for the Phase 2 Proposal

Dear Ryan,

Despite significant progress on the resolution and advancement of technical issues following the second technical meetings in Iqaluit, Baffinland does not have an updated commitment list to provide at this time. Discussions are ongoing with several key Interveners and it would be premature to submit the commitment list before those discussions conclude. That being said, Baffinland recognizes the NIRB's need for an update on the status of resolutions and will endeavor to provide the most up to date version by Wednesday, July 3rd, 2019. At that time several of the follow up items committed to during the technical meetings will also be submitted.

Best Regards,
