Re: Procedural Guidance Regarding the Nunavut Impact Review Board's Consideration of Motions Received on October 28, 2019 and a Preliminary Matter at the upcoming Public Hearing for Baffinland Iron Mines Corporation's "Phase 2 Development" Proposal

Dear Parties:

As posted earlier today, the Nunavut Impact Review Board (NIRB or Board) acknowledges receipt of:

- A Notice of Motion from Oceans North;
- A Notice of Motion from Baffinland Iron Mines Corporation (Baffinland); and
- The response of Baffinland to the joint request of Oceans North and the Hamlet of Pond Inlet to add a presentation to the Public Hearing Agenda following the Hamlet's presentation on November 3, 2019.

Recognizing that the start of the Public Hearing is less than one week away, the NIRB will consider the two motions and the preliminary matter regarding the addition to the Agenda on November 2, 2019 immediately following the Chairperson's opening remarks under Item 3(i) of the Agenda. As the existing Public Hearing Agenda is very full and time may be limited for the discussion of these matters, those participants wishing to file written responses to the Motions and request to add to the Agenda may do so before the end of day, **Thursday, October 31, 2019** to info@nirb.ca; the NIRB will circulate all written responses received for the information of all parties.

After Item 3(i) of the Agenda is addressed on November 2, 2019 the Proponent and Intervenor will have an opportunity to speak to the Motions and requested addition to the Agenda, regardless of whether they have filed written comments or not. The NIRB will then consider the Motions and preliminary matter and will provide the Board's decision and/or further direction.

Questions regarding these matters can be directed to Tara Arko, Director of Technical Services, at (867) 983-4611 or tarko@nirb.ca.

Sincerely,

A handwritten signature in black ink that reads "Ryan Barry". The signature is written in a cursive style with a long horizontal line extending from the end of the name.
