Dear Parties:

The attached Record of Proceedings and Disposition of Motions Report (Report) is being provided by the Nunavut Impact Review Board (NIRB or Board) as a follow up to the Board's recent Public Hearing (November 2-6, 2019) conducted as part of the assessment of Baffinland Iron Mines Corporation's (Baffinland or Proponent) proposed Phase 2 Development Proposal (the Proposal), a modification to the previously-approved Mary River Project.

The Report provides a written summary of the Board's process and procedure associated with the assessment of the Proposal to date, and also gives the Board's direction regarding the process, procedure and timelines governing the next steps in the continuation of the Board's assessment of the Proposal.

Translated versions of the Report are being prepared in Inuktitut, and will be available as soon as possible. Please contact the undersigned in writing if you have questions regarding this matter.

Sincerely,

A handwritten signature in blue ink, reading "M. Kaviq Kaluraq". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.
